DATALLEGRO ANNOUNCES NEW DATA WAREHOUSE APPLIANCE

*New “C+” Series Appliance Brings Together 25 Terabyte Capacity and
Extremely High Performance*

Aliso Viejo, CA - April 20, 2006 – DATALlegro™, supplier of data warehouse appliances that lead the industry in price and performance, today announced a new product. DATALlegro C25+™ combines high capacity (25 terabytes) with extremely high performance. DATALlegro C25+ is priced at \$750,000 and is available immediately.

DATALlegro C25+ is part of DATALlegro’s new “C+” series of data warehouse appliances. DATALlegro also offers “P” series (high performance) and “C” series (high capacity) data warehouse appliances. The new “C+” series combines the best of both the “C” and “P” series appliances into one product.

Additional features include:

- 10-100x performance improvement over traditional data warehouse technologies
- Automatic failover
- Fast data loading (300 GB per hour)
- Multiple appliances can be linked for up to 250 terabyte capacity
- Mixed workload support including ad hoc
- Open standard access to BI and ETL tools
- Non-proprietary technology and open source database
- Optional encrypted version (C25+e)
- Optional back-up unit (B25)

“While our existing “C” series appliances offer good performance, our new “C+” series offers even higher overall query/load performance that approaches the speeds of our “P” series appliances, as well as the “headroom” of data volume needed for today’s mixed-workload queries or high-volume concurrency environments,” said **Stuart Frost**, CEO of **DATALlegro** “Most importantly, our unique architecture made it possible for us to keep the price very affordable so customers can have the best of performance, capacity and price.”

ABOUT DATALLEGRO™

DATALlegro offers data warehouse appliances with the best price and performance in the industry. Using DATALlegro’s patent-pending technology, companies can run faster and more complex queries on their data in order to increase their business intelligence. With prices starting at \$20,000 per terabyte of user data, DATALlegro’s data warehouse appliances have set a new standard in price and

performance. DATAlegro has offices throughout the US as well as in Europe. Based in Aliso Viejo, California, DATAlegro delivers a fast, flexible and affordable solution that allows a company's data to grow at the pace of its business. For more information on DATAlegro go to www.DATAlegro.com.
